Al-Bedey Group of Companies is one of the largest and most successful privately owned construction, engineering and development groups in the Africa.

However, turnover and size are only relevant to our clients to show that we are large enough for the task. We never want to be the biggest - only the best.

Al-Bedey is a family business whose aim is to achieve maximum client satisfaction in everything it does. We focus on our customers and colleagues, and part of our mission is to ensure that we continue to re-invest our resources into the Group. We offer a wide range of specialist construction services, all of which focus on building long-term effective partnerships.

Al-Bedey has over 700 members of staff operating in its Head Office in London and in the Group's companies in Africa. All our staff are supported by our career development plans and encouraged to grow together with the company. Our business has a well-balanced turnover and it is not dependent on one sector or individual client, as we have a network of construction business units which are able to adapt to the changing markets.
